June 24, 2010
LAO/10-28

Dear [Redacted],

I have received your June 9, 2010 email correspondence requesting an advisory opinion. See G.L. c. 3, § 41 (2008 ed.). Specifically, you inquired whether the exceptions to the definition of "act to communicate directly with a covered executive official to influence a decision concerning policy or procurement" as set forth in G.L. c. 3, § 39, apply to the definition of executive lobbying.

It is the opinion of this office that the activities enumerated as exceptions to the definition of "act to communicate directly with a covered executive official to influence a decision concerning policy or procurement" apply to the definition of executive lobbying. That is, if one engages in an activity that is exempted under "act to communicate directly with a covered executive official to influence a decision concerning policy or procurement," such activity would not count toward the relative portion of the definition of executive lobbying, "any act to communicate directly with a covered executive official to influence a decision concerning policy or procurement."

Very truly yours,

Alan N. Cote
Director
