

New Attachment Requirement for State Historic Rehabilitation Tax Credit Applications

The Massachusetts Historical Commission has determined that additional information is necessary in order to review and process applications for the Massachusetts Historic Rehabilitation Tax Credit (HRC). See G. L. c. 63, § 38R(b)(1)(ii); see also G. L. c. 62, § 6J(b)(1)(ii) (MHC shall administer and determine eligibility for historic rehabilitation tax credit).

Please complete the attached questionnaire and include it as an attachment to applications that you submit in the future, starting with the next round (due on April 30, 2009) as well as with all future applications.

The purpose of the new attachment is for the disclosure of the names of lobbyists (executive agents) that have been retained in order to facilitate the tax credit application through the state HRC review process.

Any application that does not include the completed questionnaire will be determined to be incomplete. See 830 CMR 38R.1; see also 830 CMR 38R.1(13).
