Emergency Procurement. On 7/17/25, a brief power outage triggered a faulty switch at the Amesbury water plant. Although the generator was operational, any further power issues would have caused a full water shutdown, risking clean drinking water and fire suppression. We awarded a \$39,423 contract to TriState Generator, LLC for an Eaton ATS-compatible 2500 amp breaker with accessories and installation services. To comply with M.G.L. c. 30B to the best of our abilities, we solicited three quotes for parts but only one for services.
