<b>DESCRIPTION</b> : Fo	ood					
In accordance with M.G.L. c. 30B, § 8, MAPC conducted an emergency procurement for school food/groceries for a two-month contract term to meet school opening food requirements for 400+ public schools k-12. The vendor is Ace Endico. The value of the contract is unknown at this time. Buyers are cities, towns and public school districts. Failure to immediately provide a contract for these items would result in a lack of available groceries for schools, which open at various times in September. School food is now being provided by the state at no cost to students, and school food necessities have increased as a result. MAPC will soon release a competitive RFP pursuant to M.G.L. c. 30B.
