DESCRIPTION:	·					
M.G.L. c.30B, § 8 Emergency Procurement. Rustic Fire Protection, Inc. Due to the failure of the Dry Valve, Compressor and maintenance device on Fire Sprinkler System at the Williams School, a portion of the school is without Fire Sprinkler Protection. We normally have a Fire Sprinkler Service under contract but due to issues with the prior contractor, we do not have anyone under contract who can take care of this emergency situation at this. Rustic Fire Protection was our Fire Sprinkler contractor prior to the last contractor JCI. We had bid the service but received no bidders last week. The time required to procure in full compliance with Chapter 30B would endanger the health or safety of people or their property on the roads and sidewalks of the City of Newton. The City will use sound business practices to obtain prices.
