ESTIMATED VALUE, SOURCE OF VALUATION:

ADDITIONAL INFORMATION Advertising under M.G.L, c, 30B, §16(e)(2) will not benefit the governmental body's interest due to the unique qualities of the property; specifically, acquiring a conservation restriction on the property will contribute to the protection of the scenic and natural character of the historically significant Ralph Waldo Emerson property and the protection of the property will enhance the open space value of these and nearby lands. The property is uniquely situated at the gateway to Concord Center and is within Concord's American Mile Historic District, the State Historic District, and the Monument Square - Lexington Road National Register District. The property abuts land that is already conserved, including 6 acre Heywood Meadow and the nearby 181 acre Hapgood Wright Town Forest and the 18 acre Walden Woods parcel. The property also abuts an adjacent 6 acre conservation parcel acquired by the Town from the Ralph Waldo Emerson Memorial Association.
