The YMCA has space available next door in the same building at 5 Center Street that they can move into. There are two reasons that makes this a unique acquisition. One is the proximity to the City's fiber line that was already installed in the abutting building and the location. It is next door to the current location, it is centrally located and in walking distance to City Hall, the Police Station and downtown as well as it is centrally located for the population that the Community Impact Unit serves.
