The Central ES project is being completed in collaboration with the Massachusetts School Building Authority (MSBA). The proposed project is for the construction of a new 108,000 GSF elementary school. The location of the building will be on the same site and constructed on the two existing softball fields behind the existing school. Once the new building is complete and occupied, the existing school will be abated, demolished and graded so the softball fields can be replaced where the current school stands. These replacement fields will be synthetic turf.
