101 CMR 361.00: Rates for Continuous Skilled Nursing Agency and Independent Nursing Services

Summary of Proposed Regulation

The proposed amendments to 101 CMR 361.00 update payment rates used by state governmental units for continuous skilled nursing (CSN) services delivered by eligible CSN agency and independent nurse providers to publicly aided individuals in accordance with M.G.L. c. 118E, section 13D, which requires EOHHS to establish rates by regulation for health care services to be paid by governmental units. Specifically, the proposed amendments to 101 CMR 361.00 increase rates and related amendments by 10%. Additionally, the proposed amendments establish rates for a new service provided by CSN agencies (complex care assistant services) and for a 60-day supervisory visit, which includes supervision of the complex care assistant and reassessment of the member, as needed. Finally, the proposed amendments establish a new regulation title.

The proposed amended regulation contains rates effective for dates of service on or after July 1, 2023. The estimated annual fiscal impact of the proposed amendments is a \$42 million increase over FY2022 base spending. There is no fiscal impact on cities and towns.
