Commonwealth of Massachusetts Executive Office of Health and Human Services

NOTICE OF PUBLIC HEARING

Pursuant to the authority of M.G.L. c. 118E and in accordance with M.G.L. c. 30A, a remote public hearing will be held on Friday, January 13, 2023, at 9:00 a.m. relative to the adoption of amendments to:

101 CMR 413.00: Payments for Youth Intermediate-term Stabilization Services.

The rates for youth intermediate-term stabilization services specific to Clinically Intensive Residential Treatment (CIRT) and Intensive Residential Treatment programs (IRTP) are being updated to include an increase by a cost adjustment factor (CAF) of 2.78%. The CAF was determined by using baseline and prospective Massachusetts Economic Indicator data from IHS Economics – Fall 2022 Forecast, optimistic scenario data. The CAF reflects the period between the rates' base period (FY2023 Quarter 4) and the prospective period (July 1, 2023, through June 30, 2025). The rates for these two services found within youth intermediate-term stabilization services have been redesigned to include additional staffing, wellness, and on-call expenses, which eliminates the need for separate co-located/non-co-located IRTP rates. The model budgets for these services incorporate staff salaries benchmarked to the most recent Massachusetts Bureau of Labor Statistics (BLS) median wages for 2021. The tax and fringe rate has been benchmarked to 25.39%. This benchmark is derived from the MA Comptroller's FY23 approved rate less terminal leave and retirement. This benchmark does include the employer and employee contribution required by the Massachusetts paid family and medical leave law and an additional 2% to be used to promote workforce initiatives such as retirement benefits.

The total annualized cost to state government from the increase in rates amended by this regulation is approximately \$13.8 million, which represents an increase of 69.79% over FY22 spending of approximately \$19.8 million.

The proposed amended regulation contains rates effective for dates of service on or after July 1, 2023. There is no fiscal impact on cities and towns.
