**NOTICE OF PUBLIC HEARING**

Under the authority of M.G.L. c. 118E and in accordance with M.G.L. c. 30A, the Executive Office of Health and Human Services (EOHHS) will hold remote public hearings on Friday, May 19, 2023, at the respective times listed below, relative to the adoption of amendments to the following eight regulations.

Pursuant to M.G.L. Chapter 118E, Section 13D (f/k/a Chapter 257 of the Acts of 2008), EOHHS biennially establishes by regulation rates paid by governmental units to providers of social service programs. All amendments to the regulations below are proposed in accordance with this statute.

For the proposed amendments to the regulations below except 101 CMR 417.00: The cost adjustment factor (CAF) for all increased rates was determined by using baseline and prospective Massachusetts Economic Indicator data from IHS Economics – Fall 2022 Forecast, optimistic scenario data. The CAF reflects the period between the rates' base period (calendar year 2023 Q2) and the prospective period of fiscal years 2024 and 2025. In addition to the FY24 CAF, the rates for all services have been updated to include all staff salaries, benchmarked to the most recent Massachusetts Bureau of Labor Statistics (BLS) wages dated May 2021 at the 53<sup>rd</sup> percentile. The administrative allocation has been benchmarked to 12% and the tax and fringe rate has been benchmarked to 25.39%. This benchmark is derived from the MA Comptrollers FY23 approved rate less terminal leave and retirement. This benchmark includes an additional 2% to be used to promote workforce initiatives such as retirement benefits.

**1. 9:00 a.m.: 101 CMR 417.00: Rates for Certain Elder Care Services.** The rates for certain elder care services, specifically enhanced community options program (ECOP) direct services and home care program services direct services, have been redesigned and updated to include program-related costs for occupancy, no-shows, unfilled demand, and other program expenses. Occupancy and other program expense benchmarks were derived from the FY21 Uniform Financial Statements and Independent Auditor's Report (UFR) data and are program specific. No-show cost is determined using calendar year 2021 data and represents 10% of annual consumers, multiplied by the average hourly rate of direct service workers. Unfilled demand cost is determined using 2021 unfilled units multiplied by the estimated weighted average of service level rates for each relevant service. The rates include an increase by a cost adjustment factor (CAF) of 4.24%, effective July 1, 2023. The CAF was determined by using baseline and prospective Massachusetts Economic Indicator data from IHS Economics – Fall 2022 Forecast, optimistic scenario data. The CAF reflects the period between the rates' base period (calendar year 2022 Q4) and the prospective period of fiscal years 2024 and 2025. Staff salaries are benchmarked to the most recent Massachusetts Bureau of Labor Statistics (BLS) wages dated May 2021 at the 53<sup>rd</sup> percentile. The administrative allocation has been benchmarked to 12% and the tax and fringe rate has been benchmarked to 25.39%. Finally, the separate workforce initiative rates have been removed from the regulation because the workforce initiative goal of the rate review has been met. The total FY24 annualized cost to state government from the increase in rates established by this regulation is approximately \$29.5M, which represents a total increase of 14.49% over FY23 projected spending of approximately \$204M.

**2. 10:00 a.m.: 101 CMR 414.00: Rates for Family Stabilization Services.** The rates for Family Resource Center (FRC) services, purchased by DCF, are being updated to include an increase by a cost adjustment factor (CAF) of 2.78%, effective July 1, 2023. recommendation and/or the prior benchmark inclusive of previous cost adjustment factors. The total projected annualized cost to state government from the increase in rates effective July 1, 2023, is approximately \$2.5 million, which represents an increase of 11.94% over FY23 projected spending of approximately \$21 million.

The community-based day services programmatic expenses are benchmarked to the FY19 Uniform Financial Statements and Independent Auditor's Report (UFR) and incorporate the most recent review's cost adjustment factor. Additional community-based support services training funds per direct service FTE were added into the rates based on the purchasers' recommendation. The active treatment services rates have been revamped and consolidated into two rates, one rate for adults and the other for pediatrics. The active treatment programmatic expenses are benchmarked to the FY21 UFR. Lastly, rate provision language has been incorporated into this regulation to allow for administrative adjustments for extraordinary circumstances, to be consistent with other Chapter 257 rate regulations.
