Executive Office of Health and Human Services**

NOTICE OF PUBLIC HEARING

Under the authority of M.G.L. c. 118E and in accordance with M.G.L. c. 30A, the Executive Office of Health and Human Services (EOHHS) will hold a remote public hearing on Friday, October 20, 2023, at 10 a.m. relative to the adoption of amendments to the following regulation.

101 CMR 337.00: Rates for Chronic Maintenance Dialysis Treatments and Home Dialysis Supplies

The proposed regulation contains rates effective for dates of service on or after April 1, 2024. There is no fiscal impact on cities and towns.

EOHHS proposes to apply a retrospective cost adjustment factor (CAF) of 10.67% to the bundled rate for dialysis procedures (code 90999), increasing the bundled rate from \$185.18 to \$204.94. EOHHS is also proposing to add oral calcimimetics as a separately covered drug under 101 CMR 337.00 and pay using procedure code J0604 at a proposed rate of \$0.01 per mg.

EOHHS is also proposing to cover the treatment of acute kidney injury (AKI) services in renal dialysis clinics. The rate for AKI services will be established at the same rate as the proposed dialysis bundled rate for code 90999, \$204.94. AKI services will be billed separately from the dialysis bundled code using code G0491.

The estimated annual aggregate fiscal impact as a result of the proposed amendments is \$2.0 million. The amendments are not anticipated to impose new costs on small businesses, and any impact on small business providers will vary based on the volume of services provided.

EOHHS is making these changes, subject to federal approval, to ensure that payments are reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated facilities. The changes are also intended to ensure that payment rates are consistent with efficiency, economy, and quality of care.
