Small Business Impact Statement pursuant to G.L. c. 30A, §§ 2 and 3

830 CMR 270.1.1 explains the obligations of those persons and entities wishing to be certified under M.G.L. c. 270, § 22, as a smoking bar. There are fewer than 30 smoking bar permit holders that are impacted by this proposed regulation. No projected reporting, record keeping, or other administrative costs directed at small businesses have been identified as required for compliance with the proposed regulation amendment. Additionally, the proposed regulation amendment does not contain design or performance standards directed at small businesses and does not duplicate or conflict with other regulations of DOR. DOR has not identified any regulations of other agencies that conflict with this proposed regulation amendment. And finally, the proposed regulation amendment is likely to neither deter nor encourage the formation of new businesses, small or otherwise, in the Commonwealth.
