NOTICE OF PROPOSED AMENDMENT OF REGULATIONS

Under the authority of M.G.L. c. 118E and in accordance with M.G.L. c. 30A, the Executive Office of Health and Human Services (EOHHS) proposes to amend the following regulation.

101 CMR 613.00: Health Safety Net Eligible Services

Federal law establishes requirements around cost-sharing. Effective May 1, 2023, through March 31, 2024, these proposed amendments waive all cost sharing for the Health Safety Net.

The purpose of the proposed amendments is to eliminate copayments during the unwinding of the federal public health emergency (PHE). This ensures that the Executive Office of Health and Human Services (EOHHS) complies with federal requirements barring increased copayments for members before redeterminations are completed after the end of the federal PHE. The Health Safety Net is aligning with MassHealth for reasons of operational efficiency.

The amendments also update the affected regulations to reflect that copayments are permanently waived for 12 months post-pregnancy.

The proposed amendments are expected to increase annual aggregate Health Safety Net expenditures by approximately \$800,000. There is no fiscal impact on cities and towns.

Note: EOHHS previously held a public hearing on these changes on May 22, 2023. These proposed amendments do not reflect a substantive change, but EOHHS nevertheless is providing an additional opportunity for public input.

To submit data, views, or arguments concerning the emergency amendments, please email them to ehs-regulations@mass.gov as an attached Word or PDF document or as text within the body of the email with the name of the regulation in the subject line. All comments must contain the sender's full name, mailing address, and organization or affiliation, if any. Individuals who are unable to submit comments by email should mail comments to EOHHS, c/o D. Briggs, 100 Hancock Street, 6th Floor, Quincy, MA 02171. Comments will be accepted through 5:00 p.m. on Friday, September 22, 2023. EOHHS specifically invites comments as to how the amendments may affect beneficiary access to care for MassHealth-covered services.
