NOTICE OF PUBLIC HEARING

Under the provisions of M.G.L. c. 30A and pursuant to the regulatory authority found in St. 2006, c. 58, the Commonwealth Health Insurance Connector Authority (“Connector”) will conduct a public hearing for the purpose of gathering comments, ideas, and information concerning the following proposed amendments to existing regulations:

956 CMR 5.00 Minimum Creditable Coverage

The purpose of the amendments to existing regulation 956 CMR 5.00 is to ensure that Massachusetts residents who are seeking to satisfy the Commonwealth’s individual mandate, which requires them to enroll in health insurance meeting minimum creditable coverage standards if it is affordable or pay a penalty on their state income tax returns, enroll in coverage that includes a complete and medically appropriate set of preventive services without any cost-sharing.

The hearing will be held online at the following date and time, and can be accessed using the below information:

Thursday, June 22, 2023, 10:00 a.m.

Re: Notice of Public Hearing and Small Business Impact Statement

To Whom it May Concern:

Enclosed, please find a “Notice of Public Hearing” for amendments to existing regulation 956 CMR 5.00 – “Minimum Creditable Coverage”. These proposed regulations were approved by the Health Connector Board on May 11, 2023. Please also find, enclosed, a “Small Business Impact Statement” addressing the impact, if any, of the proposed amendments to 956 CMR 5.00 on small businesses in the Commonwealth.

The purpose of the amendments to existing regulation 956 CMR 5.00 is to ensure that Massachusetts residents who are seeking to satisfy the Commonwealth’s individual mandate, which requires them to enroll in health insurance meeting minimum creditable coverage standards if it is affordable or pay a penalty on their state income tax returns, enroll in coverage that includes a complete and medically appropriate set of preventive services without any cost-sharing. Because these regulations concern the level or value of health insurance such residents must have in order to satisfy the state’s health coverage requirement there is no anticipated impact on small businesses, including that there is no projected reporting, recordkeeping, or other administrative cost required for compliance with the proposed amendments.

Because there is no impact on small businesses, there is no distinction between performance standards or design standards. Further, there are no other regulations of the Commonwealth Health Insurance Connector Authority, or any other state agency, which may duplicate or conflict with the proposed regulation.

The Commonwealth Health Insurance Connector Authority does not expect that these proposed amendments will be likely to have any effect on the formation of new business in the state.

The Commonwealth Health Insurance Connector Authority respectfully requests that the enclosed “Notice of Public Hearing” be published in the next Register. If you have any questions regarding

enclosed "Notice of Public Hearing" or "Small Business Impact Statement", please do not hesitate to call. Thank you for your attention to this matter.

Sincerely,

Andrew R. Egan
